### TOTAL COLIFORM-POSITIVE
You do not have any source water monitoring requirements under the GWR, but if you are notified of a total coliform-positive routine sample collected under the Total Coliform Rule, you must:

- Notify your wholesale systems **WITHIN 24 HOURS** of receiving notice of a total coliform-positive routine sample.

### FECAL INDICATOR-POSITIVE
If you are notified by your wholesale system that triggered source water monitoring results are fecal indicator-positive, you must:

- Notify the public with a **Tier 1 Public Notice (PN) WITHIN 24 HOURS.**
- Community water systems must notify the public with a **Special Notice in your next CCR.**

### ADDITIONAL MONITORING
If you are notified by your wholesale system that additional source water monitoring results are fecal indicator-positive, you must:

- Notify the public with a **Tier 1 PN WITHIN 24 HOURS.**
- Community water systems must notify the public with a **Special Notice in your next CCR.**

### CORRECTIVE ACTION
If the state identifies a significant deficiency at your system, take corrective action.

- **A significant deficiency may be identified during a sanitary survey or at any other time.**
- **You are required to provide the state with information requested to complete a sanitary survey.**
- **Within 30 days of notification:**
  - You must **consult with your state** to determine a corrective action unless the state specifies a corrective action.
  - Community water systems: If you have not corrected the significant deficiency before the end of the calendar year, you must notify the public with a **Special Notice in your next CCR** and repeat annually until the significant deficiency has been addressed.
  - **Noncommunity water systems:** If you have not corrected the significant deficiency within 12 months, you must notify the public with a **Special Notice** and repeat annually until the significant deficiency has been addressed.

---

**Footnote 1:** For this violation you must **notify the state** within 48 hours of the violation and provide a **Tier 2 PN** to the public within 30 days.

More information can be found in EPA’s Consecutive System Guide for the GWR (EPA 815-R-07-020, July 2007).

The term “state” is used to refer to all types of primacy agencies including states, U.S. territories, Indian tribes, and EPA.

---

**Wholesale Systems’ Contact Information:**
You are required to notify all wholesale systems **WITHIN 24 HOURS** of receiving notice of a total coliform-positive sample. Please ensure that all wholesale systems’ contact information is available and provided below to ensure that they can be contacted within the appropriate timeframe.
