

Oklahoma's Experience

Bonnie Crissman

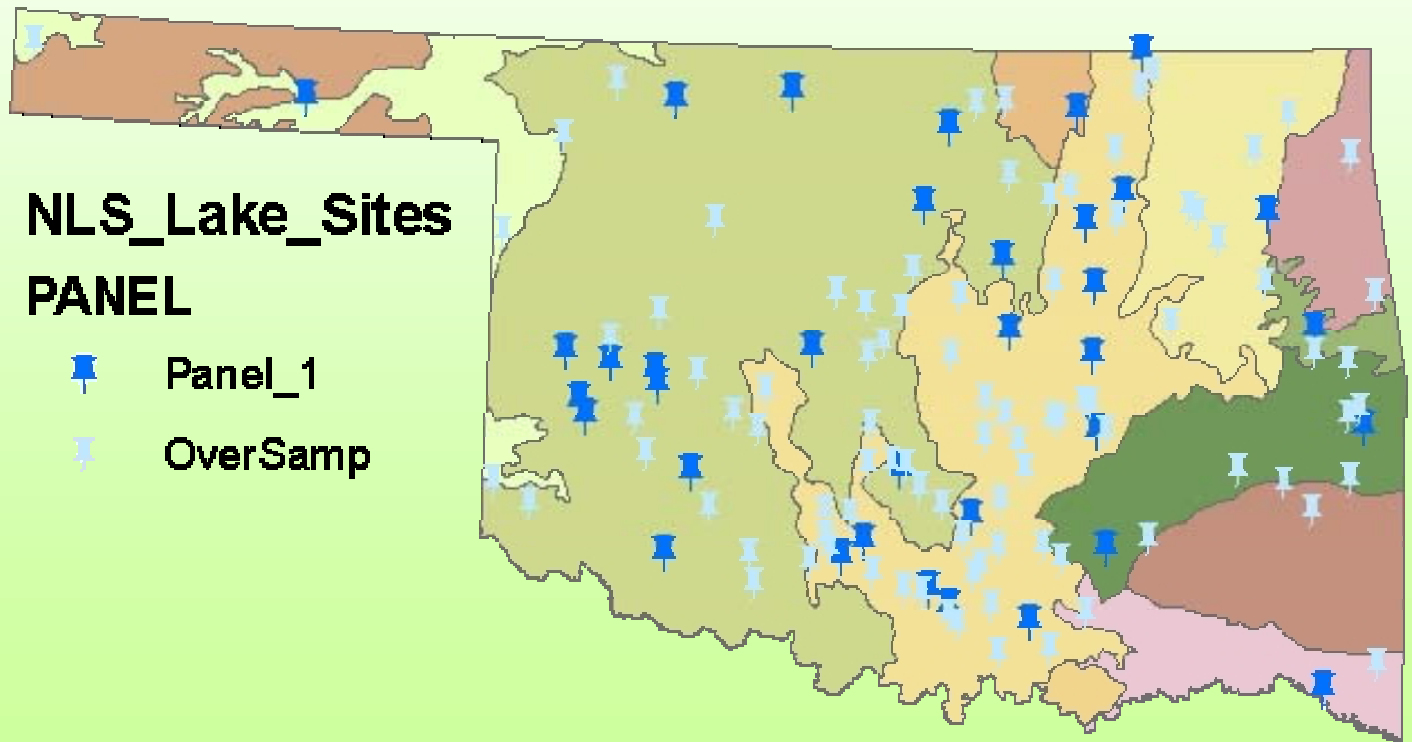

Oklahoma Water Resources Board

Oklahoma City, OK

National/State Lakes Survey

National/State Lakes Survey

Key Areas for Improvement

- Design/Planning
 - Timeframe
 - Methods
 - Communication
- Implementation
 - Changes
 - Logistics

Key Areas for Improvement

- Design/Planning
 - Timeframe
 - Methods
 - Communication

Key Areas for Improvement

- Implementation
 - Late Changes
 - Labs
 - Storage/Capacity

Positive Key Areas

- Implementation
 - Training
 - Point Person
 - Specific Field Guide
 - Materials/Supplies
 - Building Capacity

Materials/Supplies

- All In One Sampling Gear Kit
- Coolers with All Collection Supplies

Materials/Supplies

Building Capacity

- Cores
- Dip/Plankton Nets
- Integrated Sampler
- \$ for Equipment

What Oklahoma is Doing...

- Establishing Standards
- Including Probabilistic in Monitoring Program
- Use Dataset to Develop Nutrient and Bio Criteria
- Incorporate Parameters into Regular Monitoring
